

# A Guide to Your Pathology Report

To help you understand how to find information on your Pathology Report page, below are descriptions and corresponding annotations of the different sections that may appear.

	tel: 866-236-8296 fax: 866-721-9696 www.CellNetix.com	Scan For Patient Resources		<p>1 Find patient and provider information here, as well as the date we received the specimen for testing.</p>
<b>Dermatopathology Report</b>				
1	<b>Patient:</b> <b>Provider:</b>	<b>Date of Birth:</b> <b>Received:</b>		
2	<b>FINAL DIAGNOSIS:</b> <b>Skin of right mid back, biopsy:</b> <b>Lentiginous junctional melanocytic nevus with architectural disorder and focally moderate cytologic atypia (see comment).</b>			<p>2 In the <u>Final Diagnosis</u> section you will find the Pathologists conclusion based on their interpretation of the specimens or slides.</p>
3	<b>DIAGNOSIS COMMENT:</b> <b>Atypical nevus extends close (less than 1 mm) to the periphery of the specimen, but appears to be narrowly excised in these planes of sectioning.</b>			<p>Additional findings may also be included in this section as well as notes for further tests to be performed.</p>
4	<b>CLINICAL INFORMATION:</b> 5 x5 mm flat hyperpigmented lesion, right mid back with marked color changes and evidence expansion. Atypical pigmented skin lesion. ICD10 code(s): L81.9.			<p>3 <u>Diagnosis Comment</u> will typically provide supporting information regarding the "Final Diagnosis".</p>
5	<b>GROSS DESCRIPTION:</b> Received in formalin, labeled "XX" "right mid back" per requisition, in 0.5 x 0.4 x 0.4 cm cylinder; inked, bisected and entirely submitted in A1. (rt/jmk)			<p>4 <u>Clinical Information</u> is provided by the treating physician so that we have a brief medical history and background related to the patient.</p>
6	<b>Jon A. Reed, M.D.</b> Dermatopathologist Electronically signed XX/XX/2015 12:00 (206) 215-5960 <small>Performed at CellNetix Pathology-Seattle, 1121 Columbia Street Suite 200, Seattle, WA 98104 CLIA#: 50D1067441-LLC/50D1004055</small>			<p>5 The <u>Gross Description</u> describes the specimen, how the specimen was received and how it was processed.</p>
Patient ID: _____ Age: _____ Gender: _____ Copies To: _____ Collected: _____ Received: _____ Reference No: _____ Requisition No: _____ Microscopic: Unless otherwise specified, a microscopic exam has been performed.				<p>6 We always include the name of the pathologists who diagnosed the case, and a contact number in case you have any questions or need further explanation on the diagnosis.</p>
